Make the First PITCH of the Season!!!

PITCH (a CBS sponsored program) is a monthly roundtable gathering for women entrepreneurs and women in the public and private sector of businesses or organizations interested in a platform to share (or "PITCH") business ideas, plans, or strategies; get feedback from other women in business; ask questions relative to business; and network. This dynamic roundtable format is different than most in that it is based on the participation and interaction of each attendee!

Joining PITCH provides you with the following: (What's In It For You?)

- Opportunities to submit a question or idea anonymously through the Custom Business Services website which will be addressed at the meetings.
- A venue to test new business ideas, plans, or strategies.
- Networking opportunities for women entrepreneurs, and women in the public and private sector of businesses and organizations.
- Topic-specific presentations and discussions.
- Opportunities to distribute or share coupons, event/program information, or general news about your business.
